**Bug Report Writing**

**Manuri Karunaratna**

**Bug ID- 001**

**Title** - Error message displayed after successful profile picture upload

**Steps to Reproduce**

1. Log in to the application.
2. Navigate to the profile settings page.
3. Click on the “Upload Profile Picture” Icon.
4. Select an image file from your device and click the upload button.

**Actual Result** - After successfully uploading the profile picture, the application displays an error message “Profile upload failed.”

**Attachments**

Screenshots or screen video of the error message

**Expected Result** - After successfully uploading the profile picture, the application should display a confirmation message “Profile picture uploaded successfully.”

**Severity** - Major

**Priority** - Medium

**Reported By** – Manuri Karunarathna

**Assignee** – Perera Dasanayake

**Date** – 9/17/2024

**Bug ID- 002**

**Title** – Application Displays Success Message Without Uploading a Profile Picture

**Steps to Reproduce**

1. Log in to the application.
2. Navigate to the profile settings page.
3. Click on the “Upload Profile Picture” Icon.
4. Attempt to upload without selecting an image file and click the upload button.

**Actual Result** - The application displays the message “Profile picture uploaded successfully” without an image being uploaded.

**Attachments**

Screenshots or screen video of the error message

**Expected Result** – The application should display the message “Profile picture upload failed” if no image is selected.

**Severity** - Critical

**Priority** - High

**Reported By** – Manuri Karunarathna

**Assignee** – Perera Dasanayake

**Date** – 9/17/2024

**Bug ID- 003**

**Title** – Profile picture upload takes an excessive amount of time

**Steps to Reproduce**

1. Log in to the application.
2. Navigate to the profile settings page.
3. Click on the “Upload Profile Picture” Icon.
4. Select an image file from your device and click the upload button.

**Actual Result** – Uploading a profile picture takes an unusually long time, significantly impacting user experience.

**Attachments**

Screenshots or screen video of the error message

**Expected Result** – The profile picture should be uploaded quickly, and the progress should be updated in a timely manner.

**Severity** - Minor

**Priority** - Low

**Reported By** – Manuri Karunarathna

**Assignee** – Perera Dasanayake

**Date** – 9/17/2024

**Bug ID- 004**

**Title** – Upload progress bar not functioning properly

**Steps to Reproduce**

1. Log in to the application.
2. Navigate to the profile settings page.
3. Click on the “Upload Profile Picture” Icon.
4. Select an image file from your device and click the upload button.

**Actual Result** – The upload progress bar remains and does not reflect any updates during the profile picture upload process.

**Attachments**

Screenshots or screen video of the error message

**Expected Result** – The progress bar should display incremental updates as the profile picture uploads.

**Severity** - Minor

**Priority** – Low

**Reported By** – Manuri Karunarathna

**Assignee** – Perera Dasanayake

**Date** – 9/17/2024

**Bug ID- 005**

**Title** – "Upload Profile Picture" Icon Not Functioning

**Steps to Reproduce**

1. Log in to the application.
2. Navigate to the profile settings page.
3. Click on the “Upload Profile Picture” Icon.

**Actual Result** – When clicking on the “Upload Profile Picture” Icon, the profile picture upload process does not initiate.

**Attachments**

Screenshots or screen video of the error message

**Expected Result** – Clicking the “Upload Profile Picture” Icon should allow the user to upload a profile picture successfully.

**Severity** - Blocker

**Priority** - High

**Reported By** – Manuri Karunarathna
